How to Add a Favorite Product to a Sale

1. Open the register and begin the transaction.
2. Select the **Favorites** icon in the top toolbar.
3. Select the desired product tile.
4. Confirm the product appears in the register cart.
5. Adjust quantity or continue checkout as usual.

The tile provides one-click product selection, but the item still follows the normal product and checkout workflow. Availability, price, tax, and other applicable controls remain in effect.
