# What Are Favorite Products?

Favorite Products are configurable shortcut tiles for common register items. Each tile can represent an inventory product or a custom miscellaneous item.

# Benefits

- Fewer searches and fewer screen touches
- Consistent access to best-selling products and routine services
- Color-coded visual recognition
- A grid arranged around the way your team works
- One-click addition to the register cart

Good candidates include accessories, activation fees, repair labor, common services, and other items selected many times each day.
