

How to Apply a Discount

1. Add the products to the cart.

The screenshot shows the Repair Nest POS interface. At the top, there's a header with 'Repair Nest POS' and navigation icons. Below the header, there's a 'Customer' section with a search bar and a 'Daily Target' section showing 'Profit target reached' with a value of \$707.19. The main area features a 'Search Item' bar and a table with columns: Name, Qty, Price, Discount, Cost, and Total. A product 'Xiaomi case red' is listed with a quantity of 1, a price of 10, and a total of \$10.00. At the bottom, there's a 'RECEIPT NOTE' section with a 'Notes' field and a summary of the cart: Sub-total \$10.00, Discount \$0.00, Tax Amount \$1.76, and a 'Due Amount' of \$11.76. A 'Checkout' button is visible.

2. Select the Discount total or the relevant item discount control.

The screenshot shows the Repair Nest POS interface with an 'Apply Discount' dialog box open. The dialog box has two tabs: 'Percentage' and 'Fixed Amount'. The 'Percentage' tab is selected, and a text input field shows the value '20'. Below the input field, there are several circular buttons with percentage values: 2%, 5%, 10%, 15%, 20% (highlighted), 25%, 30%, 40%, and 50%. At the bottom of the dialog box, there are 'Cancel' and 'Submit' buttons. The background interface is dimmed, showing the same product 'Xiaomi case red' in the cart with a quantity of 1, a price of 2.00, and a total of \$8.00. The summary at the bottom shows a 'Due Amount' of \$9.58.

3. Choose or enter the authorized discount.
4. Review the updated discount total, tax, and amount due.

5. Confirm the reason or approval required by your store.

Apply discounts before checkout and confirm that the customer received the intended amount—not a duplicate discount at both item and receipt levels.
